

A JOURNEY OF LOVE AND LEGACY

With the Grace of God, we embark on this journey to trace the roots and branches of our beloved family. A family tree is more than just a chart—it is a testament to the love, strength, and legacy passed down through generations. It reflects the sacrifices of our ancestors, the bonds that unite us, and the values that shape our future.

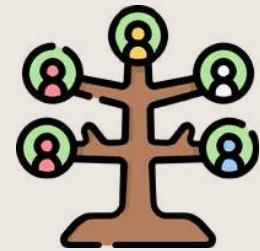

With faith in our hearts and gratitude for God's blessings, we honor those who came before us and embrace the generations yet to come. To our ancestors, whose strength and perseverance paved the way for us—we honor you. Your wisdom, love, and traditions continue to shape who we are today.

To the future generations, who will carry this legacy forward—we believe in you. May you always remember where you came from, cherish the bonds that unite us, and nurture the roots that keep our family strong.

May this family tree be a symbol of unity, strength, and divine grace, reminding us always of the love that binds us together across time.

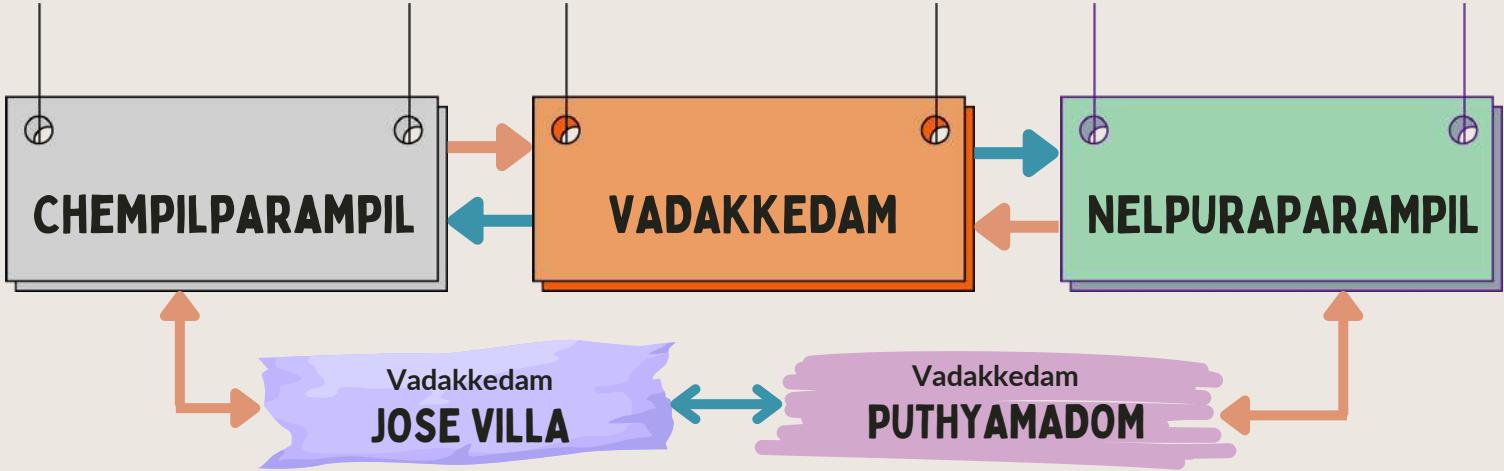

Ancestry...

Our family traces its origins to **Kuravilangad**, one of the oldest Christian settlements in Kerala, renowned for its deep spiritual traditions and the historic St. Mary's Forane Church, our ancestors lived with strong ties to faith, community, and tradition. In a significant chapter of our lineage, our family received an invitation to relocate to **Moncompu**-a tranquil village in the Kuttanad region, celebrated for its vast paddy fields, intricate backwaters, and cultural heritage.

Upon settling in **Moncompu**, our ancestors adapted to the local agrarian lifestyle. They became actively involved in paddy cultivation, contributing to the region's rice economy, which was central to life in Kuttanad. In addition to farming, they also started Flour Mills, coconut oil mill plant etc, a vital part of Kerala's traditional industries. Through hard work, resilience, and dedication, they built a life rooted in the land and sustained by their values –carrying forward the legacy of Kuravilangad while becoming an integral part of Moncompu's community and economy.

THANK
YOU!

Thanks & Gratitude

The family tree project has been a remarkable journey of discovery, connection, and preservation of our heritage. This initiative began with the dedicated efforts of **Alexander George (Alex)**, the son of **George Varghese (Babu)**, who took the first step in illustrating the initial family tree. His outstanding work in developing the foundation has provided a crucial starting point for documenting our lineage.

Special recognition goes to **Joseph George (Jose)** and **George Varghese (Babu)**, who have played pivotal roles in gathering essential data and illustrating the early stages of our family history. Their tireless efforts, valuable insights, and commitment to accuracy have significantly contributed to shaping a more comprehensive understanding of our ancestry.

As we continue to expand and refine the family tree, let us celebrate the spirit of unity and the love that binds us across generations.

Together, we honor our past, embrace our present, and build a legacy for the future...

“With heartfelt gratitude, I thank everyone who has contributed to preserving our family's history. May this tree continue to grow, flourish, and inspire for generations to come.”
