

# A JOURNEY OF LOVE AND LEGACY

With the Grace of God, we embark on this journey to trace the roots and branches of our beloved family. A family tree is more than just a chart—it is a testament to the love, strength, and legacy passed down through generations. It reflects the sacrifices of our ancestors, the bonds that unite us, and the values that shape our future.

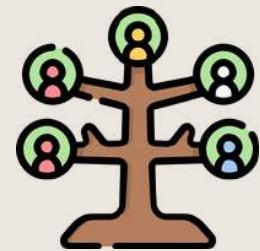

With faith in our hearts and gratitude for God's blessings, we honor those who came before us and embrace the generations yet to come. To our ancestors, whose strength and perseverance paved the way for us, we honor you. Your wisdom, love, and traditions continue to shape who we are today.

To the future generations, who will carry this legacy forward, we believe in you. May you always remember where you came from, cherish the bonds that unite us, and nurture the roots that keep our family strong.

May this family tree be a symbol of unity, strength, and divine grace, reminding us always of the love that binds us together across time.

# Ancestry...

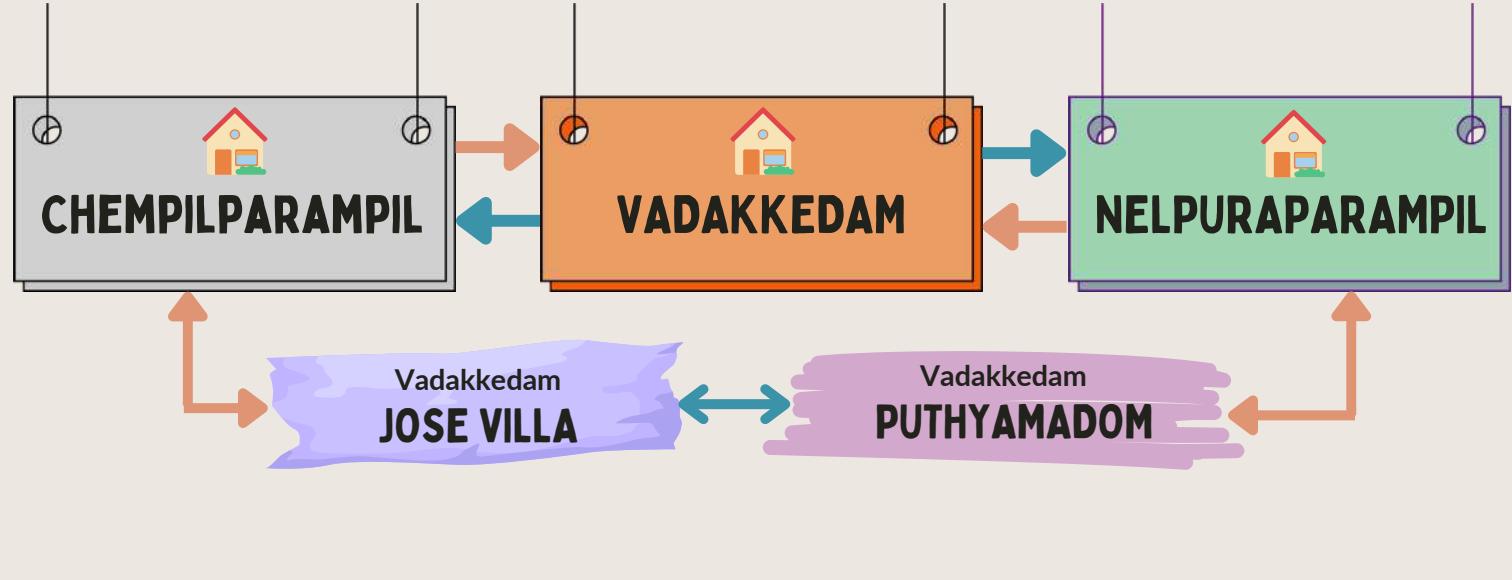

Our family traces its origins to **Vaipur**, a small village located in the Pathanamthitta district of the southern Indian state of Kerala. It is a serene, predominantly rural area known for its scenic beauty, traditional Christian heritage, and close-knit communities. Our ancestors lived with strong ties to faith, community, and tradition.

In a significant chapter of our lineage, our family received an invitation to relocate to **Moncompu**-a peaceful village in the Kuttanad region, intricate backwaters, and cultural heritage.

Upon settling in **Moncompu**, our ancestors adapted to the local agrarian lifestyle. They became actively involved in paddy cultivation, contributing to the region's rice economy, which was central to life in Kuttanad. In addition to farming, they also started **Rice Mills**, coconut oil mill plant, Flour Mills etc, a vital part of Kerala's traditional industries.

Our family was even brought by the Brahmins in **Moncompu** to purify coconut oil used in temples, showing the trust they had in our work. Through hard work and strong values, our ancestors built a meaningful life in Moncompu while staying true to their roots and traditions.

### V. V. VARKEY (APPACHAN), B.SC. BT

**U. U. Varkey, fondly called Appachan by his family and community, was a highly respected and influential educator who devoted his life to shaping young minds and upholding the values of discipline and integrity. Born into a generation that valued education as a noble pursuit, he earned his Bachelor of Science and Bachelor of Training (B.Sc. BT) degrees—equipping himself with both academic knowledge and pedagogical skill.**

He began his teaching career in 1950, during a time when education was transforming the social landscape of Kerala. Over the course of several decades, he served in various schools across the state, eventually retiring as a high school headmaster. His journey through multiple schools not only reflects his versatility and adaptability but also the trust and respect he earned wherever he went.

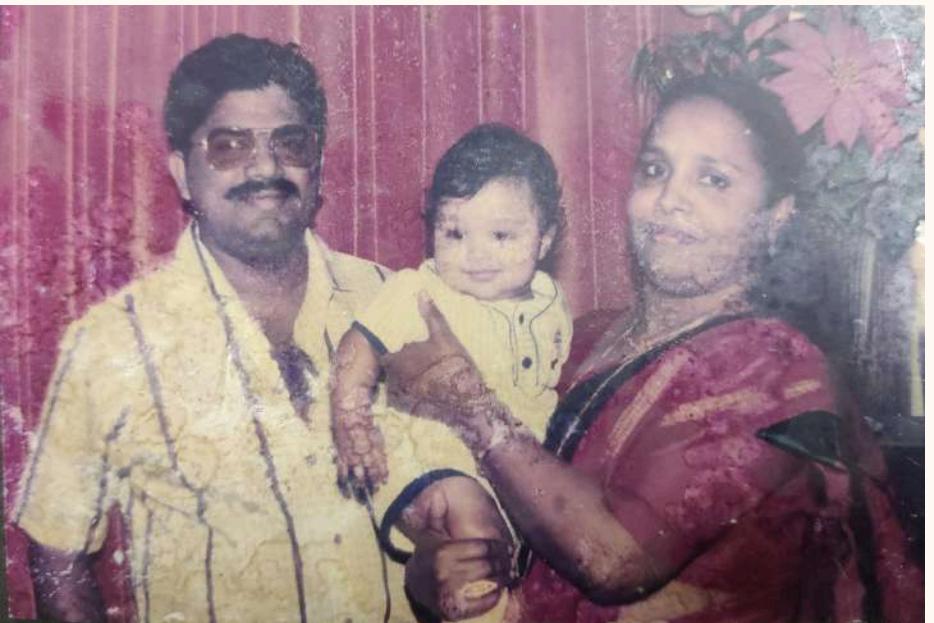

He was best known for his strict, disciplined approach to teaching. A firm believer in discipline as the foundation of both academic excellence and personal growth, he instilled in his students a deep sense of responsibility, punctuality, and respect. Though stern in the classroom, he was never unkind—his intentions were always rooted in the betterment of his students. Many who were once intimidated by his strictness later came to appreciate and admire the values he imparted, often recalling how his influence shaped their lives long after school.

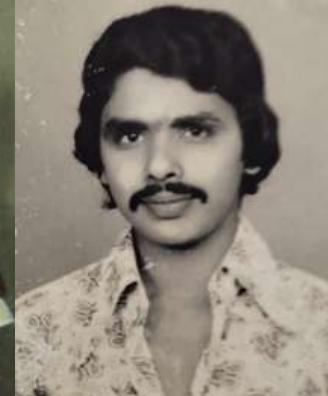

Even after retirement, his presence in the community remained influential. His legacy lives on not only in the institutions he served but also in the countless lives he touched through his dedication, discipline, and unwavering sense of duty.

She earned her PhD in 2022, with doctoral research focusing on the impact of Athena Swan accreditation on the lived experiences of early- and mid-career researchers in a Gold award-holding department. This work significantly contributes to understanding how institutional equity initiatives shape the careers of academic women in the UK.

She is also a Fellow of the Higher Education Academy (FHEA) in the UK a formal recognition of her excellence in university teaching, academic leadership, and commitment to student learning and support.

A passionate advocate for gender equality and human rights, Dr. Ruby is an active member of UN Women UK, where she contributes to national and global efforts aimed at addressing systemic inequalities and promoting the rights of women and children. Her engagement with UN Women reflects her broader mission to influence policy, support inclusive initiatives, and amplify the voices of underrepresented communities in both academic and public spheres.

She is also a member of the People in Employment Research Group (PIES) and the Tourism Research Group.

In addition to her academic work, Dr. Ruby is an accomplished writer and journalist. She has contributed to leading Indian news outlets, including Asianet News and Azhimukham, where she writes on issues related to gender justice, social inequality, and community empowerment. In 2020, she published a chapter in the Malayalam-language anthology *Katha Parayum Kadalukal*, released by Kairali Publishers, further establishing her voice in regional literature and cultural discourse...

# K C MATHews(SUNNY)

**Spouse – Santha (Mary)**

**K C Mathews (Sunnychettan)** is a highly respected elder and a trailblazer in the Vadakkedam family, best known for being the first engineer from the family and one of its seniormost members. His journey reflects a life marked by achievement, integrity, and quiet leadership that continues to inspire generations.

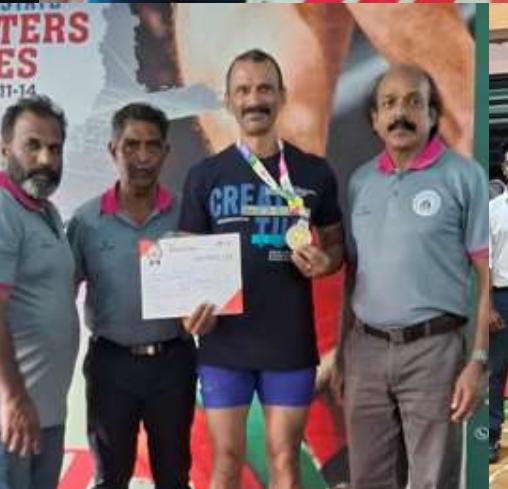

After completing his engineering degree at a time when higher technical education was rare and challenging, Sunnychettan began his career with Aluminium Industries Ltd (Alind). Through sheer dedication and excellence in his field, he rose to become the **General Manager of Alind's Hirakud Division**, where he played a key role in expanding operations and enhancing industrial output.

Following his impactful tenure at Alind, he was appointed **Director of Bhageeratha Engineering Ltd**, a leading engineering firm involved in infrastructure and energy projects. In this role, he was responsible for overseeing the production of drilling rigs for ONGC, contributing significantly to the country's oil and gas exploration capabilities.

Sunnychettan is widely admired for his discipline, professionalism, and unwavering work ethic. Beyond his official roles, he has been a mentor and guiding light to many within the family, support, and motivation to younger members pursuing careers in engineering, management, and public service.

His deep commitment and sterling character have made him an inspiration and guiding force for many in the family. His legacy continues to be cherished for the values he upheld and the path he paved for future generations.

# Thanks & Gratitude

The family tree project has been a remarkable journey of discovery, connection, and preservation of our heritage. This initiative began with the dedicated efforts of **Alexander George (Alex)**, the son of **George Varghese (Babu)**, who took the first step in illustrating the initial family tree. His outstanding work in developing the foundation has provided a crucial starting point for documenting our lineage.

Special recognition goes to **Joseph George (Jose)** and **George Varghese (Babu)**, who have played pivotal roles in gathering essential data and illustrating the early stages of our family history. Their tireless efforts, valuable insights, and commitment to accuracy have significantly contributed to shaping a more comprehensive understanding of our ancestry.

As we continue to expand and refine the family tree, let us celebrate the spirit of unity and the love that binds us across generations.

**Together, we honor our past, embrace our present, and build a legacy for the future...**

*“With heartfelt gratitude, I thank everyone who has contributed to preserving our family's history. May this tree continue to grow, flourish, and inspire for generations to come.”*
